Wikibooks is a useful resource if you're curious about a subject, but you couldn't reference it in academic work. It's also worth noting that although Wikibooks' editors are sharp-eyed, some less scrupulous contributors may plagiarize copyright-protected work by other authors. Some recipes, for example, appear to be paraphrased from well-known chefs.

Accp Pulmonary Board Review 2007
Accp Pulmonary Board Review 2007: Course Syllabus 1st Edition by American College of Chest Physicians (Author) ISBN-13: 978-3805584401. ISBN-10: 9783805584401. Why is ISBN important? ISBN.
